DRIVES

Permit Waiver and 10-day Issuance Window

Due limited system availability in preparation for DRIVES, the Department of Licensing has approved driver permits to be issued outside of the 10-day window.

Students enrolled in traffic safety education (TSE) during September can obtain their permit more than 10 days before their course start date. The Licensing Service Offices have been notified of this decision and are ready to help students obtain their permits.

Let students enrolled in your TSE program know they must pre-apply for their Driver License Number (DLN) **before** 08/27/2018 or they will have to wait until Tuesday, 09/04/2018, when the new system will be available.

Reminder:

- **Monday, August 27**

Online services will be shut down before the rest of DOL systems to allow financial transactions to clear before the cutover. The following License Express online services will be **unavailable**:

- Driver Status Display
- Driver Pre-application
- Driver online issuance will go offline

If you have any questions, please email tse@dol.wa.gov.
